THE POWER OF A GIRL. Every Our Generation doll or accessory you buy gives a portion of sales to **Free The Children's Power of a Girl Initiative.** Find out how you and your proceeds over time are changing the world at **OGdolls.com**

this is our story®

Our Generation is bigger than a toy company. We invite girls into a community of empowerment and play, a place where their collective voices create the narrative of their generation.

It's impossible to separate Our Generation characters from the generation of girls who play with them, for they are one in the same. They are our daughters and our nieces. The girls who sell us cookies, walk our dogs and do cartwheels down the block.

Through the books and the dolls, Our Generation heroines come to life in the hands and minds of the girls of this. They become best friends and role models. Someone who understands what it's like to be a girl in a time and place filled with so many pressures, but also so many freedoms and opportunities.

Together, they act out forming positive relationships, overcoming personal hurdles and having fun. Making the right choices and even dealing with what happens when they make the wrong ones. Preparing for what lies ahead while realizing just how important it is to embrace today.
